

## MRS. IRVINE WILLS HOME TO MEDICAL SOCIETY FOR HOSPITAL

If Conditions of Will Are Not Complied With, "Irvineton" Goes To City For Public Park

"Irvineton," the beautiful home of Mrs. William Irvine, on Lancaster avenue, is bequeathed in her will, which was opened and read Monday morning to the Kentucky State Medical Society, according to unofficial reports which were heard shortly after the will had been read.

Mrs. Irvine, provides, it is understood, certain stipulations for the conversion of her handsome old home into a modern hospital to be operated under the direction of the State Medical Society, as a memorial to her grandfather Dr. Ephraim McDowell, the father of ovariectomy, and her father, Col. David Irvine. It is provided, it is understood, that in the event the Kentucky Medical Society is not prepared to carry out the provisions of the will in regard to the establishment and maintenance of a hospital, that the property is to go to the City of Richmond as a public park.

Mrs. Irvine's will, it is understood, disposed of an estate of about \$400,000. A goodly sum is understood to have been set aside for the maintenance of the hospital she proposes. The nature of the other bequests she makes in her last testament, have not been learned.

The will will be filed for probate in county court here next Monday county court day. It is understood that the will is written in her own handwriting.

## LEGION MINSTREL REHEARSALS BEGIN

Col. Gordon Hunt, the instigator of minstrel organizations who is assisting Gov. Bowen, the whirlwind black-face comedian, was in Richmond on Sunday to meet the American Legion boys in the first rehearsal of their minstrel which will be given in this city at the opera house on December 14 and 15. The boys turned out in full force, there being about thirty boys comprising Richmond's best talent who met in Taden-Kilpatrick hall at 2:30. The opening choruses were rehearsed, and all of the boys declared them to be catchy songs with plenty of "pep." Everything points to one of the biggest and best minstrel shows ever presented here. Gov. Bowen carries with him all special scenery, costumes, and with an orchestra of eleven pieces and full size band the lovers of good clean southern minstrel entertainments are awaiting with anxiety this performance. Tickets will soon be on sale, and the people of Richmond should give the American Legion boys two capacity houses.

**ALL MAY HEAR HARDING**  
Washington, Nov. 29.—Almost every one who voted for Senator Warren G. Harding for president of the United States may hear him deliver his inaugural address March 4, and a trip to Washington will not be necessary.

Telephone engineers, it is learned are at work on a plan which will make the intonation of his voice audible to persons in the remotest corners of the country when he speaks from the east front of the Capitol.

The plan calls for the erection of a huge magnavox above the speaker's platform, which is to be connected with all the transcontinental circuits of the great telephone systems. Each community can then declare whether or not it wishes to hear the president's address.

**CARD OF THANKS**  
I want to thank the neighbors and friends in my home community for their kindness and help through the illness and death of our dear mother, Mrs. E. B. Kelley, Nicholasville, 11

## WILL STOLL'S HOME ROBBED IN LEXINGTON

(By Associated Press)  
Louisville, Ky., Nov. 29.—The police today were notified that the home of State Senator J. Will Stoll at Lexington was burglarized during the night and \$3,000 in jewelry taken. The loot included gold watches, bracelets, bar pins and a diamond and pearl sunburst.

## WILSON AND TUMULTY BOTH WILL WRITE

(By Associated Press)  
Washington, Nov. 29.—It finally became known here today that President Wilson leaves the White House March 4, he will devote his time to writing. He will make his home here, but has not yet secured a residence. Secretary Tumulty also plans to remain here and write books about the president, with whom he has been associated for 10 years. Tumulty has under consideration an offer of a place on the customs court of appeals, but has reached no decision.

## MINGO CO. TOO POOR TO SUPPORT OFFICERS

(By Associated Press)  
Williamson, W. Va., Nov. 29.—Federal troops brought into Mingo county yesterday at the request of Governor Cornwell today were disposed at strategic points throughout the district where miners have been on strike since July. No disorders are reported. The question of placing the county under martial law is still pending. Failure of county authorities promptly to meet disorders was explained today by Circuit Judge Bailey, who asserted Mingo county had no money with which to pay deputy sheriffs.

## MORE PRAISE FOR CITY'S NEW STREETS

Another former Richmond man who blew in Monday morning hardly recognized the old town with its modern asphalt streets. He was Col. Steve Vaught, of Winchester, formerly connected with the old Richmond C. I. M. and one of the best known newspaper men in the state, but now a prosperous insurance man and correspondent for a number of large dailies from Winchester. Mr. Vaught couldn't say enough nice things about Richmond's streets. He declared that they had improved the city 1,000 per cent, and he complimented the city officials and the people generally upon being so progressive.

## RYAN ASKS UNTERMEYER TO READJUST AFFAIRS

## JILTED FIANCE TRIES TO KILL PHONE GIRL

Middlesboro Operator Badly Hurt On Head, First Tells Police Negro Attacked Her

Middlesboro, Ky., Nov. 29.—While posess were scouring the countryside for a negro, Miss Fannie Brasher, 20 years old, telephone operator, found unconscious from a blow in the head on the exchange floor after midnight, admitted late Sunday afternoon that her assailant was her jilted fiance, who tried to kill her. She first told the police she had been attacked by a negro.

The Pineville long distance operator was talking to Miss Brasher at 1:30 o'clock Sunday morning, when the Middlesboro girl called out in alarm: "Some one's breaking into the office!"

"Connect me with your police station," the Pineville operator told. Almost before she had finished the sentence, the Pineville girl heard: "Lord of Mercy, they've got me!"

But the connection had been made. Notified by the Pineville operator, the Middlesboro police broke into the telephone office, as the assailant escaped down the rear steps.

The police found Miss Brasher lying unconscious on the floor with an ugly gash on her head. Furniture in the office had been overturned and broken in a desperate struggle. "Negro, negro," was all she would say to the physician, who had her removed to a hospital. In addition to the wound in her head, she had been choked.

Citizens stirred to a high pitch of excitement gathered on the streets early Sunday morning and throughout the day aided the officers in the search for negro suspects. Two negroes were halted several miles from the city on a railroad, but were released after questioning.

Strands of red hair found clutched between the girl's teeth brought about the confession Sunday afternoon, after she had regained complete consciousness. She was asked by a nurse whether she had bitten her assailant. She said she had.

"Are you sure he was a negro?" she was asked.

"Yes," was her reply.

But when shown the red hair the girl broke down and admitted it was her former fiance, James Thompson, a truck driver and former soldier. They were engaged until a month or so ago, she said, when she broke the engagement. He threatened then to kill her, Miss Brasher declared.

He entered the office by climbing rear stairs on the outside of the building and opening a window, and told her he meant to kill her, then choked and struck her, she said.

A warrant was issued Sunday night for Thompson, charging him with assault with intent to kill. He could not be located and is believed to have fled the city.

Miss Brasher is the daughter of James Brasher, a carpenter.

## OUTRAGES LAID TO SINN FEINERS

Liverpool Property Destroyed When 18 Fires Are Started—Big Loss in Ireland Also

Liverpool, England, Nov. 29.—Fifteen cotton warehouses and several timber yards were burned in an orgy of outrage and destruction in this city early Sunday, all of which is believed to have been engineered by Sinn Feiners.

Eighteen fires are reported. Seventeen persons were overcome by smoke and fumes.

The incendiaries worked with thoroughness. With special apparatus they cut or burned out the locks and bolts of the warehouses and then, having effected an entry poured gasoline upon the stocks.

Four men were captured and are being held for questioning.

Police while running to the fires were attacked by a band of men. Shots were fired but no casualties reported. A civilian, Daniel Ward, caused police to believe he was assisting in the disorder and he was shot dead.

The warehouses are still burning in Sparling, Pabley and Jordan streets. There are also five timber yard blazes in Vulcan and Bamfield lane.

In the suburb of Bootle there were incendiary fires at six places. Firemen of all the neighboring towns were called to assist local forces in fighting the flames.

A witness informed the police that he saw a crowd of men believed to have been Sinn Feiners, set fire to a warehouse.

Police tonight are circulating a description of two men sought in connection with the outrages.

## Have Sinister Aspect

Belfast, Ireland, Nov. 29.—A statement issued last night from Dublin Castle, after giving an account of the Liverpool fires and accompanying incidents, adds:

"In conjunction with the documents found last week in which plans for Sinn Fein reprisals against the English towns of Liverpool and Manchester, among a number were detailed, these things have a sinister aspect."

## Says Sinn Feiners Did It

London, Nov. 29.—Home Secretary Shortt declared in the House of Commons today that Saturday night's incendiary fires in Liverpool seemed no doubt to have been the result of an organized conspiracy in which members of the Sinn Fein party were engaged.

## An Irish Lad's Patriotism

Washington, Nov. 29.—A reward of \$5,000, full protection and secrecy, and a free pass to any part of the world, or death by hanging—this was the choice given by the British military to Kevin Barry, 18 year old Irish patriot, recently executed for alleged complicity in the Irish troubles.

A letter received today by Mrs. R. E. Reardo, 3326 Thirtieth st., from her mother, the widow of an Irish magistrate, gives an intimate picture of the last movements of the young Irishman. The letter quotes one prominent in public affairs in Dublin as supplying the facts. It was mailed on November 12.

"Kevin Barry was hanged for having attacked a lot of fully armed soldiers and taking their rifles," said the letter. "The day before his death a conditional reprieve arrived from Premier David Lloyd George."

"He was taken out of his cell by two officers: the scaffold with the rope dangling from the roof, was shown him."

"If, however, he gave the name of his comrades, he was to get \$5,000 for each name, full protection, absolute secrecy, and a free pass to any part of the world. He listened attentively, pointed to the scaffold and said:

"I am quite satisfied with the arrangements. They seem to be perfect. Now take me back to my cell and let me prepare for eternity. I hope never to see any of you again, either here or there."

Barry was a medical student, and the only child of a widowed mother.

## LOOSELEAF SHOW IS BEING PLANNED

State Exhibition At Lexington To Be Greatest Ever Held—What It Will Be Like

Kentucky is preparing to furnish the greatest tobacco exhibition in the history of the state, the show to be given at Lexington the first week in January, according to present plans. The loose leaf exhibition, it is said, will outrival anything of the kind ever undertaken, and there will be exhibitors from Madison and practically every other county where the weed is raised to any great extent. It is the intention to have the show in the interest of the burley growers, and will not conflict with the smaller exhibitions being given here and there.

The promoters are those at the head of the movement in the interest of tobacco and they are preparing to rent a big place for the exhibition. It is probable here will also be exhibitions of automobiles and farm implements used in the culture of tobacco as an added attraction.

The show will be for all interested in any way and samples of the best tobacco to be grown in the old blue grass state are now being prepared by some who claim to have the best to be found in this part of the country. There will be prizes and everything to make the affair a success, with the intention of repeating it every year, making it an annual event.

The promoters believe this will go far toward both bringing the producers together and to increase the interest of many, which is said to be ebbing as a result of the various complications developed during the past year.

There will be exhibitions of the various grades and the reports on the nature of the soil producing it will add to the interest of the feature which will figure prominently in the exhibitions. Many of the producers of the state have been preparing for the show, which has been contemplated for some time, but the date for which has just been set.

## Dr. Winnes Now Backed By Harlan Residents

At a mass meeting held in Jenkins a week ago, speakers declared that the people of the mountains, including a majority of the people of Harlan county, believe that Dr. H. C. Winnes, state veterinarian, is simply a victim of circumstances and is absolutely innocent of any connection with the murder of Miss Lura Parsons, Pine Mountain school teacher.

At the mass meeting held in the auditorium of the Jenkins recreation building, approximately 400 persons were present and more than \$500 was subscribed to aid in the investigation and to defend Dr. Winnes.

Commonwealth's Attorney Monroe Fields, of Whitesburg, the account states, stated that he was fully convinced that Dr. Winnes had nothing to do with the crime. Judge H. L. Moore gave a report of the testimony at the recent examining trials and on the blackboard drew a map which disclosed the points of importance in the evidence pertaining to the route taken by Dr. Winnes and Miss Parsons.

## New Legion Movement

More than 21,000 American women are eligible to membership in the Women's Auxiliary to the American Legion, a movement being augmented by many posts throughout the country. The local post members will have this matter before them within a short time, since it is their intention to add to the importance of the organization keeping abreast of the times. There are many women in this district who will be eligible to membership.

## Another Court Day

Next Monday will record the December court day in Richmond, and it is believed the livestock held over during the summer, owing to the good grazing conditions, will be disposed of, and that there will be a large quantity sold. Prices are not what they were during the summer months, however, they are such as to cause a better and more stable market condition than usual, dealers state.

## SWIFT PRODUCE REVIEW

Poultry movement during the week has been heavy and a much larger quantity has been marketed than will be used for current consumption. The surplus has generally been placed in storage.

Continued lower markets for live poultry in the larger market centers have resulted in further reduction in the buying centers.

Production of fresh eggs continues light, with prices ruling a high basis.

Due to the pressure to sell butter, there has been a decline in both fresh and storage, which is reflected in the price paid for butterfat in the country. The total make of butter appears to be slightly greater than for the same period last year.

## NEW LICENSE FOR OWNERS OF MOTORS

Recently Enacted Makes Imperative Many Changes—New Law Features

The new state motor law, effective the first of the year, as passed by the last General Assembly, will record a deluge of business in Madison county, and there will be numerous new licenses issued by the county clerk, instead of the State Tax Commission, as formerly, and there will be work galore in the office of county clerk Jennings Maupin, since there will be a big demand for a time.

The law provides that no 1920 or "license applied for" tags will be countenanced by the law after the first of the year, it is pointed out, hence the rush for license within a short time. It is estimated that there are several thousand vehicles of the motor variety in this county, and new license will be necessary. Since there have been comparatively few petitions received thus far for the new license, there may be some left out in the cold for the time being, when the rush does come. License fees, under the new law, will cost more this year than ever before. The charge is based on the engine horse power, the fee being 60 cents per horse power. It was also pointed out that the convenience accompanying the handling of the business by the county clerk instead of the state official corps, will curtail the expense to some degree.

According to one clause of the new law, the owner of the machine must furnish the number of his engine. This is essential. In case the number has been destroyed or defaced, a new number will be provided by the state tax commission. A fee of 40 cents is added to all work, it is said, this going to the clerk.

Following is the new schedule of prices, according to the new law:

Motorcycles, \$10.  
All automobiles not more than seven passenger capacity, 60 cents per horse power.  
Electric passenger cars, minimum fee, \$15.  
Trucks, one half ton and less, \$22.

Trucks, over 1,000 pounds, \$30.  
Trucks, over 2,000 pounds, \$36.  
Trucks, over 3,000 pounds, \$50.  
Trucks, over 4,000 pounds, \$60.  
Trucks, over 5,000 pounds, \$70.  
Trucks, over 6,000 pounds, \$110.  
Trucks, over 7,000 pounds, \$130.  
Trucks, over 8,000 pounds, \$130.  
Trucks, over 9,000 pounds, \$130.  
Trucks, over 10,000 pounds, equal \$150, with \$50 for each additional ton.

Interchangeable bodies for passenger cars and trucks, instructions are to charge the highest fee, and issue plates for that class.

For dealers, one set of plates, \$25 additional plates \$1 a set. The clerk is given a fee of 30 cents which is added to the charge for the state.

Chauffeurs' licenses are \$2 year if issued before September 1; \$1 if issued thereafter. The clerk is given a fee of 40 cents which is added.

Transfer receipt cases of sale of car to another after 1921 license has been paid—state fee \$1. Duplicate receipts, issuing duplicate plates and duplicate chauffeurs' badges, surrendering plates and receipts, fee of 40 cents, payable to the clerk.

For additional plates, single plates and chauffeurs' badges 50 cents is charged.

Hearses, ambulances and undertakers' cars are classed as trucks and tonnage capacity must be given.

Mr. C. B. Terrill has been appointed special assistant county clerk in charge of the automobile license department. He will be a mighty busy man after the first of December, but as he is a splendid scribe, he'll not have much trouble taking care of the motorists who come after their new licenses. The transfer of the licensing of automobiles from Frankfort to each county seat is going to make a big hit with most automobile owners, who will be able to get their licenses immediately instead of sending applications to Frankfort, and perhaps having to write half a dozen letters explaining horse-power and other details.

9 cent sale now going on at McKee's. Get three articles for the price of two, plus 9 cents. Thursday will be the last day you can do it. 287 3
